Saurabh Singh Chauhan

Frontend Developer

As an ambitious and self-driven fresher, I am a testament to the power of self-learning and an insatiable thirst for knowledge. With no prior experience, I have honed my skills through independent exploration, displaying an exceptional ability to grasp new concepts quickly. My unwavering curiosity fuels my desire to stay at the forefront of emerging trends and technologies, making me a valuable asset in any dynamic and innovative professional environment. I am a proactive learner who embraces challenges with enthusiasm, and I am dedicated to achieving excellence in every endeavor I undertake.

Project

Nytur

<https://github.com/Saurabh-001-S/nyture2>

- I designed and developed a full-fledged e-commerce website using React and Redux Toolkit.
- The website boasts a responsive design, ensuring seamless functionality and optimal user experience across various devices.

Portfolio

<https://github.com/Saurabh-001-S/portfolio>

- Elegant and intuitive portfolio website showcasing my diverse range of creative works and projects.

Education

Chhatrapati Shahu Ji Maharaj University (Bachelor)

June 2022-Ongoing
